

# INDUSTRY ON CAMPUS

ISSUE 1

SPRING 2009

**INDUSTRY ON CAMPUS** maintains long-term relationships with leading art and design employers. Professional artists, designers, alumni and company recruiters visit the campus to present individual work, company projects or review portfolios.

Students **see** first-hand what's in the production pipeline, **hear** what companies look for when hiring and have the opportunity to **ask** key questions about current projects and hiring policies.

The program also hosts over **300 major companies** each May at Academy of Art University's Annual Spring Show. To access a list of companies who previously visited campus and videos of their visits go to:

---

**HEAR WHAT STUDENTS SAY ABOUT INDUSTRY ON CAMPUS EVENTS**

*“One of the best things about the school. These are fantastic.”*

*“I attended a talk by Lightmaker, a web design agency. I was able to meet the director and set up a meeting that later got me an 8 month paid internship. This resource along with my own motivation really made a difference. Thanks!”*

*“I really appreciate the Academy of Art University taking the time to find these great companies and speakers for the students.”*

*“They were interesting to go to and motivated me to keep drawing at my best”*

*“It is why I chose to come to the Academy of Art University over other schools.”*

For further information on the IOC program, including access to the free online job board, portfolio websites, videos of previous visits and upcoming IOC presentations.
